Lands Near Marley

While Glen Peterson was cutting soy beans on his 160 acre farm on Maple street east of Marley last Saturday afternoon about three o'clock, he noticed a queer looking thing in about the center of the field.

Investigating, he found grasshoppers busy on some red object. Seeing it was silk material, he picked it up and discovered it was the covering of a rubber balloon which was attached to a white enameled heavy cardboard box.

When he read the cards attached to it, he found that it was the property of the U. S. Government and had been released from the Joliet Municipal airport August 22, this year. The box contained instructions to obtain upper air information needed for making weather forecasts and preparing storm warnings.

Instructions were given for the finder to return it to the Weather Bureau, Radiosonde Reconditioning Center, 451 Ruby street, Joliet.

There was a small electric bulb attached to a battery which light warns airplanes of its nearness.

It is estimated it had traveled about 15 miles before it reached the high altitude when the balloon burst and the silk parachute landed it in Mr. Peterson's field.

Launch Blue Cross
Membership Drive

Will county farm and civic leaders met Tuesday, October 11 in the Richard Street Methodist church in Joliet to launch a re-enrollment in Blue Cross Plan for hospital care for rural residents of the county, according to Mrs. Alfred Krapf of Peotone, president of the Will county Health Improvement association. The drive will run through Oct. 24.

Volunteer workers throughout the county will meet with HIA officials, Farm and Home Bureau leaders, and representatives of the Blue Cross plan to discuss extension of the Blue Cross program to more families of Will County and receive the necessary materials for enrollment of rural residents of the county.

Headed by a chairman for each township in the county, volunteer workers will visit residents living on farms or in towns of less than 5,000 persons in Will county to explain the Blue Cross program and its liberal hospital service benefits. Applications for membership will also be taken during the campaign. Persons in the county eligible to join Blue Cross during the next two weeks must reside on farms or in towns of less than 5,000 population and work for companies employing less than five persons. The subscriber to Blue Cross must be under 66 years of age, although a husband or wife who is 66 or older may be enrolled on the same family contract. Once enrolled, there is no age limit and membership may be continued after the member reaches 66. All unmarried children under 19 years of age may be included on the family contract and receive the same benefits as the parents.

Blue Cross service benefits mean that members receive hospital care in terms of services needed, in most cases, instead of limited dollar allowances. Whether the patient's bill for Blue Cross benefits is for \$1, \$1,000 or more, it is paid in full by Blue Cross Plan for hospital care in any of the 163 member hospitals in Illinois. Blue Cross members receive 30 full days of hospital care benefits in each calendar year plus an additional 90 days when half the cost of Blue Cross benefits received is paid by the Plan. Provisions are also made for liberal daily allowances toward Blue Cross services in nonmember hospitals anywhere in the world.

Enrollment centers will be set up in each community and will be announced in the immediate future.

ANNUAL FALL SALE

The annual fall sale sponsored by the Women's league of the Trinity Lutheran church in New Lenox will be held Thursday, October 20 in the church starting at two o'clock.

The eleventh annual meeting of Will Co. Home Bureau opened last Tuesday morning in Ottawa street church, Joliet with group singing led by Miss Dorothy Kohl of Mokena.

The County chairman, Mrs. Alfred Krapf gave the H. B. creed; Mrs. Phil Goodwin, secretary, reported the last annual meeting, and Mrs. Robert Drake, vice chairman, gave the membership report, which showed two new units acquired during the past year, in Monee and Wilmington. Miss Mary Louise Chase from the U. of Ill. and Mrs. Harold Bower of the State H. B. Federation recently spent a day in the county on membership work and officers' training.

Reports were given by Mrs. Byron Hag, County health chairman; Mrs. Harvey Lewis, 4H chairman who said there are 492 girls in 4H work in the county; Mrs. Frank Loucks, publicity and radio chairman; and Mrs. Harlow Nicholson, recreation chairman. Mrs. Norman Krapf gave the treasurer's report and also the report of the budget committee.

Mrs. Betty Wingrove, home advisor, reported on her many activities during the past year. Mrs. Lavonne Pollack, Youth Home Economics assistant, asked everyone to inspect the trophies and scrapbooks on display in the church dining room.

Mrs. Alfred Krapf, in giving her report, thanked everyone for their help during the past year and gave each unit chairman a report compiled from the activity reports of each unit. She announced a "kick-off" meeting for the Blue Cross drive to be held at Richards Street church, Oct. 11 and asked all unit health chairmen to attend.

The Crete unit presented beautiful corsages to all retiring officers and special visitors. The guests were:

Mrs. Ed Baloff of Lake Co., Ind.; Mrs. Earl Horn, Ashton; Mrs. Fern Cracker, Crete; Mrs. Robert Goodwin, and Mrs. Herbert Zimmerman, Wesley; Mrs. Frank Loucks, Homer; Mrs. Hyda Hills, Aurora; Mrs. H. P. Boyer, Orland Park; Mrs. Alfred Schaefer, Barrington; Mrs. Warren Long, Glenview; Mrs. Nora Baer and Mrs. Jos. Hyder, Grundy Co.; and Mrs. William Wurtz, DeKalb.

Officers for the ensuing year were elected and installed as follows:

Mrs. Ray Walsh, Frankfort, Co. chairman; Mrs. Frank Goodwin, Wesley, vice chairman; Mrs. Earl Keniston, Wilton, treasurer; Mrs. Davis Gougar, New Lenox, secretary; Mrs. Frank Loucks, Homer, health; Mrs. Harlow Nicholson, Elwood, Recreation; Mrs. George Phillips, Manhattan 4H; Mrs. Stewart Peterson, Wheatland, program; and Mrs. Myron McKiernan, New Lenox, publicity and radio.

Mrs. Harold Bower was installing officer. Frank Loucks, Farm Bureau president, brought greetings from his organization and introduced Wayne Churchill, farm adviser, who spoke briefly.

Luncheon was served in the church dining room by the Willing Workers circle.

Following lunch, group singing was led by Miss Margaret Beck after which Mrs. Krapf introduced the entertainer, Miss Edna Means, who gave a varied program full of pleasant surprises.

Mrs. Krapf concluded the day by presenting the gavel to the new chairman, Mrs. Walsh.

New Lenox School
Principal Heads
County Group

At a recent meeting of the Will County Principals and Superintendents' association, John Oster, principal of the New Lenox public school, was chosen president.

Other officers elected are: Paul Mapes, principal at Farragut school Joliet, vice president; Miss Edith Peterson of the Will county school office, secretary-treasurer.

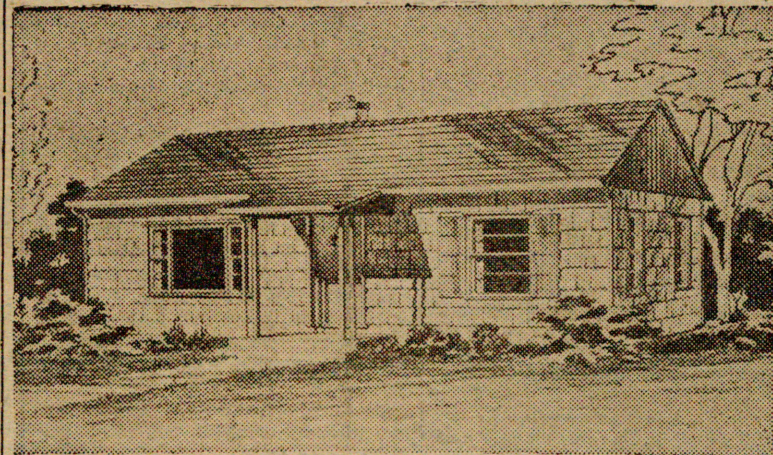

The association meets every third Wednesday evening of each month to discuss school problems. Their next meeting will be in Aurora at noon on October 21 as a part of the state meeting.

BUILDS HOUSE IN A DAY
FOR THE UTHE'S AT ORLANDMINSTREL SHOW
COMING TO TOWN

November 4th and 5th (circle those dates on your calendar now)—the Mokena PTA will sponsor an honest-to-goodness minstrel show in the school auditorium.

You now know the "what, where and when" Who? You'll have to figure that out when you see the show; all that can be said now is that it will be almost an all-Mokena talent show.

At a meeting held last Friday evening in the home of Mr. and Mrs. George Steele, the Ways and Means committee of the Mokena PTA, chairmanned by Mrs. Steele, decided to stage the minstrel show and named Mrs. Henry Clark as director.

If the interest already exhibited is any indication, the affair should be a howling success, with cooperation which the oldest talent has assured the committee.

Pre-Nuptial Shower
For Bride-Elect

Miss Monna Milton was the honored guest at a table set in the home of Mrs. Ray Carlson in Homer township Friday evening, Oct. 7.

Twenty relatives and close friends came from Lockport, Joliet, Gary, Downers Grove, Earlville, New Lenox Twp. and Homer to join in the festivities.

Progressive Pit was played at three tables with prizes going to Miss Lois Sproat and Mrs. Elizabeth Fruit. Duplicate prizes were given to the bride elect. The dining table and living rooms were prettily decorated in yellow and white. Dainty refreshments were served by Mrs. Carlson and her co-hostess, Mrs. Joe Vancil.

Just before the serving, Miss Milton was seated at a table piled with gifts. She was assisted in opening them by her sister, Mrs. Jerome Padlock, who will be matron of honor at the wedding Friday evening, October 21 at 7:30 o'clock in Homer church, when Monna will become the bride of Willard G. Rowley, younger son of Mr. and Mrs. Willard A. Rowley.

Immediately following the ceremony, a reception will be held in the home of the bride's parents, Mr. and Mrs. George Milton. Relatives and friends are invited to the wedding and the reception. No formal invitations are being issued.

CARD AND BUNCO

The PTA of the Ann Rutledge school in Lincoln Estates will sponsor the first of their monthly card parties this Saturday evening, October 15 in the school.

There will be a separate room for cards and for bunco. Refreshments will be available after the games. The organization invites all to attend.

Looking Backward?

Only long enough to smile an excited "Thanks" as they face the future and find out for themselves what's on the other side of that hill. Whatever it may be, they'll be better able to "Take it" because of the training and guidance they've had in the Girl Scouts, whether it was at summer camp, or at winter troop meetings, or in a much-needed community service project. The Girl Scouts is one of the Red Feather services you help support through your Community Chest. When you make your pledge this year, give enough for all Red Feather services.

Russell Anderson is chairman, community Chest drive which starts with Stanley Williams co-chairman day and will continue through Monday, October 24.

Suffers Broken Foot
And Toes in Fall

Ronald, the young son of Mrs. Edith Newton, suffered a broken foot last Saturday morning when he was thrown from a horse on which he was riding at the home of his grandparents Mr. and Mrs. Ed McGovern.

When he was near the fence east of the house, the horse slipped and fell. Ronald threw himself out of the saddle, to the ground, but the stirrup landed on his left foot and the horse on top of that. The weight of the horse on the stirrup crushed the foot and broke every toe.

He was taken to the Hedges clinic in Frankfort where Dr. Claude Otto x-rayed the broken foot and at once took him to Silver Cross hospital where the toes were set. His foot and leg to his knee are in a cast and he was able to return home Monday, to his grandparents' home.

It is thought because of the wet ground, following the recent rain, and the slippery black top road where the horse walks, the horse slipped and fell.

Ronald will be eight years old in November.

Former Frankf't Man
Marries Joliet Girl

Miss Lois Birkholz, daughter of Mrs. Fred Birkholz of Joliet, became the bride of Russell Hossbach, son of Mr. and Mrs. John Hossbach of Joliet, formerly of Frankfort, at a double ring candlelight ceremony in the First Lutheran church in Joliet. The pastor Rev. J. A. Goeken officiated.

Miss Annie Fyfe presided at the organ and accompanied Mrs. William Sherman when she sang, "Still as the Night," Schumann's "Trauerlied," "Oh Perfect Love" and "With This Ring." Other organ numbers were "The Lord's Prayer" during communion. The altar was decorated with ivory colored flowers and palms.

Fred E. Birkholz of Chicago gave his sister in marriage. She wore an ivory satin gown fashioned with a beaded sweetheart neckline and a full skirt and train. The fingertip veil with scallop border was caught by a tiara in coronet style made of beads. She carried ivory mums and sprays of bouvardia tied with ivory satin ribbons.

Mrs. William White, sister of the groom, was matron of honor. She wore a blue satin gown with matching headpiece and carried bronze mums tied with bronze satin ribbons.

Ray T. Birkholz, Oak Lawn, brother of the bride, was best man and Jack Cartwright and William White were ushers and also candlelighters.

A reception was held that evening in the Terrace room of the Woodruff hotel where dinner was served to the bridal party and the immediate families. The bride's table, laid with a linen cloth, was centered with a four-tiered wedding cake surrounded by lemon leaves and ivory tapers with a floral arrangement. Miss Theresa Hirner, Mrs. Gerald J. Kestel and Mrs. William K. King assisted with the serving. Miss Gladys Ann White was in charge of the guest book.

The bride's mother wore a teal blue crepe dress with black accessories and the groom's mother was attired in a gray dress with gray accessories. Both mothers had natural orchid corsages.

When the young couple left on their honeymoon the bride was wearing a nickel gray suit with forest green and luggage brown accessories. Her corsage was made of cypripedium orchids. When they return they will go to housekeeping at 21 Ivy street.

Mrs. Hossbach is employed by the American Cyanamid company and Mr. Hossbach by the Gerlach-Barkow company. Both attended the Joliet township high school.

Guests who attended from Frankfort were: Mr. and Mrs. Henry Hossbach and family, Mr. and Mrs. William Breitert, Mr. and Mrs. Howard Seeman and daughter, Mr. and Mrs. Wilbur Hossbach, Mr. and Mrs. Conrad Sangmeister and Mrs. George Kratzenbery and Miss Betty Mae.

A FLYING FAMILY

Ed Tyler of Frankfort and Al Zum Mallen of Homewood returned Sunday from a fishing trip in northern Minnesota.

They made the trip in a new flying Stinson station wagon belonging to Mr. ZumMallen, nephew of Mr. Tyler.

Flying is not new to the S. Tyler family as their youngest son David holds a private pilot license and has flown many hours. Their other son John is now working for his private pilot license; their daughter Jean made a flying trip to Grand Rapids, Mich. with Mr. ZumMallen the other day, for a few days of fishing, and when they returned, Mrs. ZumMallen returned with them. The latter has logged many hours as a passenger going to Indiana, Ohio and many other places. She is a daughter of the Tylers.

This was Mr. Ed Tyler's first try at flying.

St. Anthony's congregation at Lincoln Estates are sorry to have disappointed the many card players last Saturday evening due to the electric light trouble.

All are invited back, Father Pfeiffer stated, for a social evening of card playing and other games Saturday evening October 22, when it is not expected to have any more such interference.

When Miss Agnes Hartwig, bookkeeper for the Tinley Park Service Bakery returned to the office last Friday night to do some checking work, as was her habit, two armed bandits entered the office and ordered her into the adjoining room.

While she was there they took about \$1500 and left, it only taking about seven minutes, according to Miss Hartwig.

As the bandits were leaving, Elmer Sievert of Frankfort, a driver of one of the bakery trucks, was entering and they obligingly held the door open for him, thus preventing any suspicion that the driver might have had.

Bradshaw-Slick

Miss Nancy Anne Bradshaw, daughter of Mr. and Mrs. Raymond Bradshaw of Kent, became the bride of Forest D. Slick, son of Mr. and Mrs. Jeremiah Slick of New Lenox Sunday, Sept. 18 at 3 o'clock. The double ring ceremony was performed in the Kent Methodist church by Rev. Raymond Worden.

The groom is a former Mount Carroll resident.

Mrs. Arthur Hildebrandt of Freeport, pianist, accompanied Miss Marie Wingert of Kent who was the vocalist.

The bride entered the church with her father who gave her in marriage.

Mrs. Ruth Harkness of Kent was matron of honor. Keith Harkness served as best man and ushers were Alden Ethredge, brother-in-law of the groom, and Haldean Kampmeier. A reception followed in Wesley hall.

Mr. and Mrs. Slick left on a two week honeymoon and on their return will live in Kent.

The bride was graduated from Pearl City Community high school in 1947. Both Mr. and Mrs. Slick are employed by the Lakeshire Marty company of Kent.

The groom served in World War II, spending three years in the navy in the South Pacific.

Relatives and friends from Rockford, Freeport, New Lenox, Mount Carroll, Damascus, Lena, Stockton, Pearl City and Kent, Ill., and Belmont and Darlington, Wis. attended the nuptials.

Illinois TAX FACTS

By George L. Mahlin, Executive Secretary Taxpayers' Federation of Illinois

Is This Office Necessary?

This is the question which the County Boards of many downstate counties must decide concerning House Bill 237, the bill which creates the new office of Public Defender in all counties exceeding 35,000 inhabitants and provides that in no event shall the salary of the Public Defender be less than \$100 per year.

The new county officer, who must be licensed as an attorney in Illinois, is appointed by the Judges of the Circuit Court in which the county is located.

The Public Defender shall act as attorney, without fee, before any court of record exercising criminal jurisdiction for all persons who are held in custody, or who are charged with the commission of a criminal offense, and who are unable to employ counsel. He shall also in the case of the conviction of any such persons, prosecute any writ or other proceeding in review which in his judgment the interests of justice require.

All the counties to which the new law applies must decide whether this county office is necessary. Although the law is mandatory, County Boards may decide that the office of Public Defender is not needed in their counties, may appropriate the minimum compensation of \$100 per year for the office and forget about it. In some instances County Boards have already taken this action. We understand that John Breesee, State's Attorney of Champaign County, has recommended such action to the Champaign County Board.

The following would be the salary range for this office: counties with not less than 35,000 nor more than 40,000 inhabitants, from \$100 to \$4500 per year; counties with not less than 40,000 nor more than 65,000 inhabitants, from \$100 to \$5500; counties with not less than 65,000 nor more than 90,000 inhabitants, from \$100 to \$6500; counties with not less than 90,000 nor more than 105,000 inhabitants, from \$100 to \$7500; counties with not less than 105,000 nor more than 250,000 inhabitants, from \$100 to \$8000 per year. In no event is the salary of the Public Defender to exceed that of the State's Attorney.

Once the office is established, assistants may be appointed to help the Public Defender if the Circuit Court Judges deem it necessary. In addition to assistants, clerks and other employees as may be necessary to transact the business of the office may be added at county expense. Also, the County Board would have to allow each year a reasonable sum for necessary and proper expenses, other than salaries, to be paid out of the county treasury.

Each month the Public Defender would prepare and file a monthly report of the services rendered by him with the County Board and clerk of the Circuit Court for the Judges thereof.

Destroying volunteer wheat helps to control Hessian fly infestations, say University of Illinois entomologists. Wheat should not be planted until after the fall brood of flies has emerged and left.

Hens will lay about 20 to 25 percent fewer eggs during their second year than they did during their first year.

Too Much Corn Leads To Soil Depletion

He who puts too much of his land in corn is mining his soil.

M. L. Mosher, farm management extension specialist at the Illinois College of Agriculture, says that by growing too much corn you gain immediate profits at the expense of future earnings. By slow degrees you are "killing the goose that lays the golden eggs."

Studies have recently been completed on 164 Farm Management Service farms in north-central Illinois. All the farms kept records during the ten years 1936-45, all maintained about the same size, all had about the same crop and livestock systems, and all were on good corn land.

The 50 farms that grew the most corn kept an average of 46 percent of their tillable land in corn. They earned about \$940 a year more than the 50 farms which grew the least corn with an average of 35 percent of the land in corn.

Farms that kept 55 percent of their land in corn earned approximately \$2,150 a year more than those that kept only 30 percent of land in corn. However, on those farms with the most corn, the annual yield was 1.4 bushels an acre less than on the farms with 30 percent corn. Still, more important, from 1936 to 1945 the yield dropped six bushels more on the 55 percent corn farms than on the 30 percent corn farms.

Mosher points out that on good corn land corn yields tend to decline when more than 40 to 50 percent of the tillable land is kept in corn. The most profitable rotations seem to be those with up to 40 to 50 percent in corn and 25 to 30 percent in soil-building legumes.

"It would seem to us in Cook County in the Chicago Milk Shed where pasture and hay are valuable and we do not have the heavy north-central Illinois corn land, that we are making a big mistake in carrying as big a percent in corn as the corn belt," says Farm Adviser C. A. Hughes. "Also, with recent surpluses and breaks in the corn market, corn will not be so profitable as pasture, hay, etc."

The Four Freedoms

Two fleas decided to marry and settle down. The ceremony performed, they selected a big, inactive dog and took up their abode. Life was sweet and rosy. Food, shelter and heat were provided from a central control source. Freedom from want and fear became a reality. With a housing unit in every wrinkle, the fleas had little to do other than eat, sleep and multiply. The dog seldom scratched. He never in any other manner upset the tranquility of his 'citizens.' Selfish, material rights were subordinated to welfare of the fleas, who enjoyed this abundant, sheltered life. They multiplied amazingly!

There came a time when the old dog grew weary and debilitated. Could be the fleas were too voracious in their appetites. Unable longer to support his hungry and non-productive citizenry, the dog wandered into the wilderness and passed away. Panic reigned among the fleas. They raced from tip of tail to nose shouting, 'The Economic System has let us down'...

Many of the panic-stricken horde, disillusioned and without sustenance, and totally incapacitated to seek a new livelihood, died on the spot. Others trudged out to face a cold, unsympathetic world, dying as they tried to thumb a ride to the next dog. With initiative, a will to do a fair day's work, a bit of discipline, plus self-reliance, the fleas would be living today... and, so would the dog!

The above story, taken from George Dixon's "Washington Scene" in the Hearst papers, was reprinted by Joe Meek in his "Retail News Briefs." Joe Meek adds his comments to the story as follows:

"It's all in the viewpoint... Did you ever figure that a jail inmate has all the well popularized four freedoms... freedom of speech, freedom of worship, freedom from want and freedom from fear (unless he's headed for the electric chair!)... It's that fifth freedom, LIBERTY, that he really doesn't have!

"P. S. The fellow is SECURE, too, but he's a long, long ways from being FREE."

New Allergy Drug

New antihistaminic drugs developed by pharmaceutical chemists to relieve symptoms of hay fever and other allergic disorders are being used with great success to ward off the costly common cold, a survey of medical research disclosed today.

The new "cold killers" are reported by doctors to be as much as 90 percent effective in stopping the onset of a cold if used within an hour after the first cold symptoms are noticed. Physicians prescribe the tablets under the drug name "Coricidin," derived from "coryza," meaning the common cold, and "cide," to kill.

Coricidin tablets contain in their red coating a small amount of the newly-perfected antihistaminic drug Chlor-Trimeton, reported to be the most potent of the type used to relieve the sneezing, sniffing, stop-ped-up nasal passages and hives of hay fever and other allergies. The tablet center contains aspirin and other compounds generally prescribed for colds.

The discovery that the antihistaminic drugs stop the onset of colds was made accidentally by a number of doctors treating patients with running noses, itching eyes and hives suffered by patients allergic to pollens.

Further research with antihistaminics led to the statement this month in the Journal of the American Medical Association that "the common cold is an allergic response in susceptible persons to contact with a specific protein which is the cold virus or its product."

The most important research study on the role of antihistaminics as cold preventives was carried out by Capt. John M. Brewster, M. C., U S Navy, at the US Naval hospital at Great Lakes, Ill., with 572 cold patients, over a seventeen month period in the station's cold clinic.

PLANS AVAILABLE FOR GRAIN STORAGE BUILDINGS

The problem of where to store small grains and corn may be a tough one for many Illinois farmers to solve this fall.

Indications are for a record corn crop this year. But there will be some question about what to do with it when it comes from the field.

On July 1 this year the government crop report showed 213 million bushels of corn—or nearly 40 per cent of last year's crop of 550 million bushels—still in storage on Illinois farms. This total compares with only 58 million bushels of corn on Illinois farms on July 1, 1943.

Thus it can be seen that there will be a lot of corn harvested this fall with no place to put it unless more room is provided. In addition, the good small grain harvest this summer will take up more valuable space.

Extension specialists at the Illinois College of agriculture say that the place to store corn and grain crops is right on the farms where it is produced and fed. To help the farmers select suitable cribs and storage bins to meet their needs, the extension service has provided a set of storage building plans.

You can get a copy of a catalog containing 30 different grain storage structures and a complete set of working plans for each building. Copies of the catalog are 25c each, while the plans are 15 cents a sheet.

You can order plans directly from the Department of Agricultural Engineering, University of Illinois College of Agriculture, Urbana, Ill.

Ill. Garden Club To Sponsor Contest

Table settings in keeping with the tempo of modern living will be displayed November 9 in a contest sponsored by The Garden Club of Illinois in the second floor gift shop of C. D. Peacock's loop store, Chicago.

Twelve tables with floral arrangements for holiday, buffet parties and everyday living, will be included in the competition, as will a number of shadow box arrangements. Ribbons will be awarded for the best entries.

Chairman of the project is Mrs. R. J. Piehl of Winnetka, garden club vice-president. Members of the committee include Miss Elizabeth R. Howland, Barrington; Mrs. L. Thorpe Warren, Elmhurst; Mrs. Edward Roos, Western Springs; Mrs. Edwin W. Deuter, Glen Ellyn; Mrs. Lawrence F. McClure, Highland Park; and Mrs. Howard L. Storch, Kenilworth. The garden club will benefit through a percentage of the day's sales.

From where I sit... by Joe Marsh

But Curly "Knows What The Score Is!"

Was over at Doc Sherman's drug store listening to the World Series on the radio. Curly Lawson wanders in and says: "How about a chocolate malted, Doc?"

"Sorry, Curly," says Doc, "can't make you a malted for a while yet." "What's the idea?" Curly asks. "Well," says Doc, "most of the folks want to hear the game and the mixer makes too much noise." Curly thinks a moment and says, "Okay with me, Doc—I'll take a chocolate soda!"

This shows how tolerant folks can be. Doc showed his respect for

how the majority felt; Curly was big enough not to insist on his malted even though he doesn't happen to be fond of baseball.

From where I sit, willingness to respect the other people's feelings is important in a Democracy. If we're tolerant of a person's like for baseball or a glass of temperate beer, we've come a long way on the right road... the road to a better America, that is!

Rivers of grass...

"Rivers of grass" flow across this country. Millions of cattle and lambs have spent the spring and summer turning grass into meat. Now they are ready for round-up and shipment. So in October they move to the markets—in a great flood of livestock. Many go direct from the range to meat-packing plants. Others go to the feed lots to be grain-finished. But, either way, these meat animals are mostly grass—which folks cannot eat—converted into appetizing, nourishing meat for people. They are adding greatly to the health and wealth of the nation. Without this "livestock economy," in which you and we are engaged, 779,000,000 acres of our United States would produce little food for human use.

Whether you ship your cattle and lambs early or late—whether it's to Chicago, Ft. Worth, Denver or any of scores of other markets—you'll find buyers there to bid for them. With many others, Swift & Company helps provide the year-round daily market which is as essential to your business as it is to ours.

Your grass, turned into meat, is a vital raw material of all meat-packing operations. There is keen competition for it. Every meat packer and commercial slaughterer (and there are more than 18,000 of them in the United States) must have a regular supply of meat animals. Each buyer knows the high bid gets the animals. He knows also that his own price range is set by supply and demand. He sees your steers and lambs as so many pounds of meat and by-products. The price you are offered for your livestock is governed by what the meat packer can get for the meat and the by-products.

OUR CITY COUSIN

That big machine, City Cousin hears, is the kind that pulls off ears!

Your Markets for Meat

In the early days of our country, livestock was produced close to the point where it was eaten. But as the population grew, those conditions changed. Today two thirds of the people live east of the Mississippi, while two thirds of the livestock is produced west of that river. To bridge that gap of more than 1,000 miles is no small job. Millions of head of livestock must be processed and the meat distributed to where it is wanted. The facilities of nationwide meat packers provide you with markets for your meat animals; move the meat to cities and towns where it is in demand.

Swift & Company, and other nationwide meat packers, sell meat to retailers wherever there are people who want to buy it . . . no matter how far that may be from your farm or ranch. We bring you the benefit of national, rather than local, demand. This means that, in selling your livestock, you choose between the price created by local demand, or the price created by the national demand of millions of meat eaters.

We work hard to encourage people to serve meat oftener—to eat more of it . . . And we are proud that our nationwide system is one of the most efficient, low-cost food distribution systems in the United States.

Martha Logan's Recipe for SAUSAGE AND CORN BREAD

(Yield: 6 servings)

1 lb. pork sausage meat	1 tsp. soda
1 1/2 cups corn meal	1 cup sour milk
1/2 cup sifted flour	1 egg
1/2 tsp. salt	2 tbsp. pork sausage drippings
1 tsp. baking powder	

Brown pork sausage meat thoroughly in heavy skillet (about 9 inches in diameter). Drain off drippings. Sift together corn meal, flour, salt, baking powder, and soda. Combine egg and milk and heat until well combined. Add 2 tablespoons drippings to milk and egg mixture. Pour liquid into dry ingredients and stir just until well mixed. Pour batter over pork sausage in heated skillet. Bake in moderately hot oven (450°F.) until well browned, about 30 to 35 minutes. Serve hot as main luncheon dish.

Quotes of the Month

"We, as ranchers, are not sufficient unto ourselves. In fact, we are only the beginning of the beef line. Of equal importance are the feeder, the processor, the distributor and the consumer. Disregard the rights or welfare of any of these, and sooner or later we suffer."

Sam R. McKelvie
Pres. Sandhills Cattle Ass'n

"He gave it for his opinion that whoever could make two ears of corn, or two blades of grass, to grow upon a spot of ground where only one grew before, would deserve better of mankind, and do more essential service to his country, than the whole race of politicians put together."

Supplement that Poor Forage

by Robert D. Rasmussen
New Mexico A. & M. College

Dried-up pastures and winter weather create the same feeding problem for the cattleman. They simply mean that you have lower quality feed and less of it. And you have little choice as to what you can do about it. You can let the cattle eat what they can find. In this case you're likely to take a weight loss on your cows. You'll also take a chance on a weak calf crop. Or you can feed a supplement. If you feed enough of the right kind, your cows and unborn calves will come through in good, healthy condition.

California experiments on deficient range showed the cow herd that got a protein supplement produced a 91% calf crop. Cows on similar range, without a supplement, produced a 61% calf crop. Arizona found that feeding supplement increased the weight of the calves at birth by 10 pounds.

The amount of supplement needed varies. Cows carrying calves, and young stock require more protein than open cows or mature animals. A safe rule to follow is to watch the condition of the stock. Keep them healthy and thrifty.

Research by the New Mexico agricultural experiment station shows that during the winter months range forage is most critically short of phosphorus as well as protein. While some of the cake supplements are high in phosphorus as well as protein, most ranchers over the state are using mineral supplement for year-round use. A mineral supplement containing at least 6% phosphorus should be made available at all times to range cattle. Experiments have shown that year-round use is better and more profitable than seasonal use.

Here's a goal for cattlemen. Use whatever kind and amount of supplement is necessary to keep your cattle healthy and thrifty. (Editor's Note: The principles of animal nutrition discussed above apply in all parts of the country.)

God and Nations

Lesson for October 16, 1949

WHEN the Spanish fleet was about to invade England, back in Queen Elizabeth's time, nothing the English had could stop them. But when the Armada arrived, that vast fleet had been blown to bits by a storm, and the English neatly mopped up what was left. How do you account for that? The English always said God was with them. When the Nazis had overrun France in 1940, it would have been simple for them to invade England. There was next to nothing to stop them. But Hitler delayed from summer till fall . . . and by that time the British were able to mount an invincible defence. How do you account for that? Over and over again in history the unexpected, the unexpected, the "miraculous," has happened. Some call it chance; but others call it God.

Dr. Foreman

God In History

BUT GOD does not always or usually operate in spectacular ways. God works in history as he works in nature, out of sight, visible to the eye of faith but seldom if ever otherwise. History, from the Christian point of view, is the working-out of the purposes of God.

The pattern is not entirely clear to us, because we cannot see enough of it at once. But looking back through history, we can see signs that God has been there. This is the message of the prophets of Israel, especially of the great Isaiah.

In a troubled era, when everything seemed to be in most complete confusion, Isaiah gave out some clear and plain truths from God, and helped men then and now read the pattern of God's design.

The Life Of A Nation

ONE TRUTH is that justice is a nation's life and sin is a nation's death. God being the God of justice, his purpose is to set justice in the earth. God plays no favorites among nations. Any nation that lives by God's laws, lives; the nation that defies God has signed its own death warrant. There are no peoples who can "get by" with what they please, if what they please is not the will of God. There are people now who do not believe that. They would say, Look at Russia! In Isaiah's time there were those who would say to Isaiah: You must be wrong—look at Assyria! There is a nation that does not know God, and yet grows every year stronger and stronger.

God's Ax

ISAIAH has a startling answer to that objection. (Chap. 10.) Assyria is a tool in God's hand, no more. He admits that Assyria has no standard but force, she worships only sheer Power. But there are other nations, wicked ones, which God intends to punish; one of these is the nation of Israel.

Assyria was destined to destroy Israel once and for all, and to damage Judah so severely she never would recover. All this, Isaiah says, is in God's plan.

God does not punish an evil nation with legions of angels; he punishes it with invasions and defeats in war. Assyria was an ax in the hand of God, cutting down the rotting trees of selfish and unjust nations.

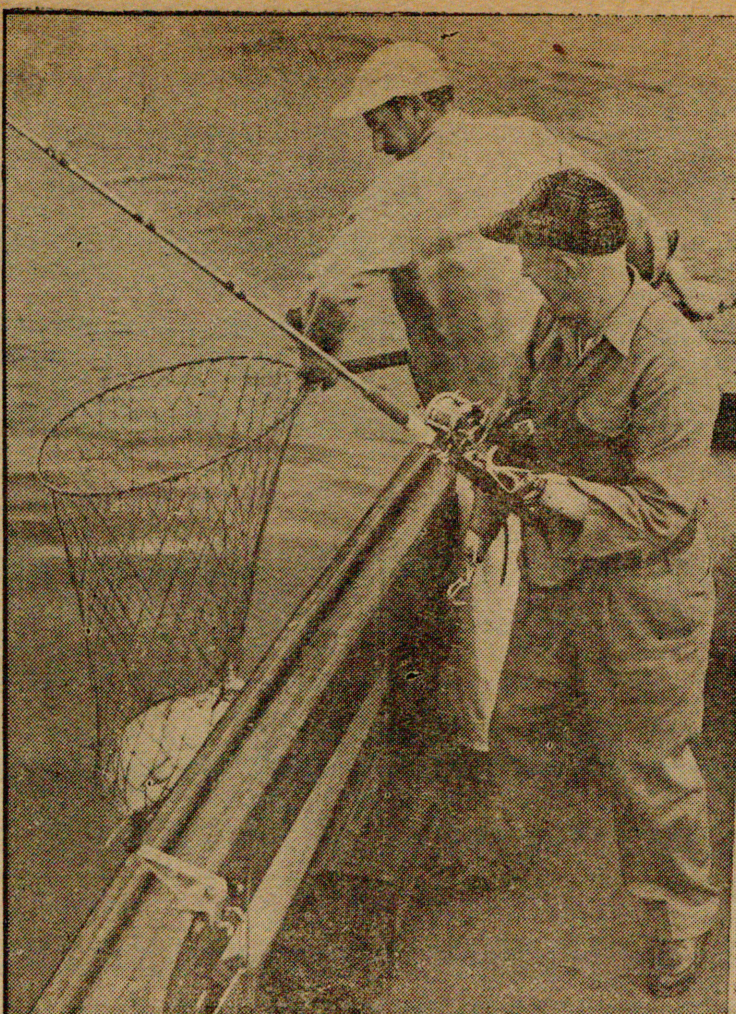

Return To God!

PEOPLE in Isaiah's time were putting their trust, just as we do nowadays, in alliances, pacts, international combinations of all kinds. Isaiah warns ominously that this will not do, by itself. Not that all alliances are bad; in chapter 19 he actually pictures Assyria, Egypt and Israel as brothers-in-arms.

But he does not hold out any political scheme or combination as the best hope of a nation. Return to God! is the prophet's call. So in our time, whether it be a general MacArthur or a theologian Brunner.

Many of our ablest men are warning us even now, that humanity is facing an alternative; Either go on the way of selfishness and war down to destruction, or else go back to the Source of justice, truth and love, the God in whom alone is salvation.

SALVATION ARMY EXPANSI'N PLAN

Lt. Col. Dallas P. Leader, Divisional Commander of The Salvation Army for Metropolitan Chicago, made the following announcement today, "In cooperation with the nation-wide plan to establish Service Unit Committees in hundreds of rural villages and suburban towns. The Salvation Army plans to organize not less than 200 Units in Cook, Lake, Will, McHenry, DuPage, and Kane counties.

"Through the Salvation Army unit a local welfare fund will be built up so that school principals, teachers, doctors, nurses, and social workers may apply and receive aid, to the extent of the local fund, for needy individuals along the following lines: eye examinations, fittings and glasses, hearing aids, dental care, tonsillectomies, and other operations, summer camps for mothers and children, hospitalization for unmarried mothers, aid to prisoners and their families, and other special and individual needs.

"For nearly seventy years The Salvation Army in these United States has been used of God as a welfare and redemptive agency for people in large cities. It is now assuming new burdens by extending

to rural America, its never ceasing campaign for the reclamation of the souls and bodies of men, women, and children.

"To accomplish its sacred purpose it seeks the earnest co-operation of its many friends to serve on Unit Committees, for it firmly believes that it has an important part to play in building a better America and in establishing a greater parish for the promulgation of the Gospel of Jesus Christ."

CARD OF THANKS

I desire to express my great appreciation and thanks to the many friends who remembered me while I was ill in the hospital and since I am home.

MRS. EDWARD SCHMAEDEKE

Mr. and Mrs. Harry Heiting attended a party in Chicago Saturday, October 8 in honor of Mrs. Heiting's nephew, Johnny McLaughlin, who celebrated his 9th birthday anniversary.

Mrs. Christina Rust entertained her bunco club Tuesday afternoon. Mrs. John Arnold is a patient in St. Francis hospital, Blue Island. She underwent a goitre operation and from last reports is coming along nicely.

Mr. and Mrs. Melvin Ballou are the parents of a baby girl, born October 8 at 5:30 p.m. in Ingall's Memorial hospital. The young lady weighing eight pounds, four ounces, has not yet been named, but has Grandma Lorraine and great grandma Gertrude Weber on her father's side. All concerned are doing nicely.

Mr. and Mrs. Edward Bennett and daughter Debra Leone and Mr. and Mrs. Arthur W. Beagley motored to Schullsburg, Wis., Sunday where they attended the Bennett family

reunion and also the celebration of the 49th wedding anniversary of Mr. Bennett's grandparents, Mr. and Mrs. James E. Bennett. Debra Leone was the only great grandchild and the first time her grandparents had the pleasure of seeing her.

Mrs. Ed Beaver and Miss Margaret Hostert were Chicago visitors last Thursday.

Mrs. Walter Hentsch of Mokena and her twin brother Donald celebrated their birthdays September 28 in the home of their parents, Mr. and Mrs. Fred Yunker. It was also the first wedding anniversary of the Hentsch's. Cards were played and a tasty luncheon served later.

Elaine Thompson spent last week with her grand parents, Mr. and Mrs. James Thompson.

Into Church

Prowlers again entered the Green Garden Methodist church for the second time within a few months.

When Elmer Dralle the church maintenance man, entered the church Monday evening, he found the rear basement door jammed and on hearing noises in the kitchen, went to the front basement door, entered and turned on the lights, when he saw a man who said, "If you come any closer, I'll let you have it."

Mr. Dralle turned and ran to the next door neighbor, Elmer Morris.

on, a former deputy, who came with his truck. Together they searched the building and found entrance had been gained by breaking a rear basement window.

Soon young people and the church board members arrived as there was to have been an MYF and Board meeting. All searched the surrounding countryside without finding any one. There were no car tracks.

When the Will County deputies arrived they found finger prints on the kitchen cabinet and stove. It is thought that perhaps the man was just seeking shelter and some food for the night.

TINLEY PARK

Mr. and Mrs. Henry Schultz of Chicago, Mr. and Mrs. Charles Harcourt motored to Springfield and St. Louis, Missouri Tuesday and Wednesday of last week.

A son was born to Mr. and Mrs. Gilbert Hires, 183rd and Oak Park avenue, in Silver Cross hospital, Joliet on Saturday, October 1. The young man weighed eight pounds and nine ounces and has been named Gilbert Lee. His mother is the former Lorraine Miller. He was born on the birthday of his grandfather, Martin Miller.

Mrs. Andrew Peterson of Tiffin, Iowa has been a guest for the past month in the home of her sister-in-law, Mrs. Martin Miller.

Mrs. Alvin Andres is confined to her home by illness.

Mr. and Mrs. Theodore Miller of Onamia, Minn., who were guests last week in the Martin Miller home have left for a trip to California.

Martin Miller celebrated his birthday Monday evening with 15 dinner guests.

Mr. and Mrs. Fred Willman celebrated their 29th wedding anniversary Sunday by enjoying an evening of fun in the "Windy City."

Mr. and Mrs. John E. Swisher entertained 19 members of Mrs. Swisher's family at a turkey dinner in their home Sunday.

Mr. and Mrs. James Baldwin and friends of Chicago were guests at the F. Willman home Sunday afternoon.

John Kramer is the new registered pharmacist at Cavett's drug store.

Mrs. Marie Hagadorn, American Legion auxiliary hospital chairman attended a hospital meeting at Vaughn's last Wednesday.

Mrs. Evelyn Olsen, Mrs. Doris Johnson, Mrs. Dena Hansen and Mrs. Marie Hogadorn attended the Caravan Cook county council meeting at the Sherman hotel last Friday.

Mr. and Mrs. Irwin Larson and daughter have returned from a motor trip to Mobile, Ala., where they spent the week with the latter's parents.

The Woman's Benefit association Sunset review No. 10 held their regular meeting at the home of Mrs. Ruth Bacon Wednesday, Oct. 5. Mrs. Elizabeth Nugent, president, opened the meeting and presented Mrs. Irene Thelan, district deputy, who discussed thoroughly the Cook county WBA convention and initiation of officers to be held Friday evening, Oct. 14 in the Morrison hotel in Chicago. After the meeting closed refreshments were served by Mrs. Elsie Moore and Mrs. Ruth Bacon. The next meeting will be at the home of Mrs. Elsie Moore Wednesday, Oct. 19.—Mrs. Alfreda Willman, press correspondent.

Atheist Declaration

Dr. Walter A. Maier, regular Lutheran Hour speaker, appealed for the renunciation of world atheism in a special broadcast carried over the Mutual Broadcasting System and affiliated stations.

Dr. Maier made reference to the recent union of World Free Thinkers, assembled at Rome for their twenty-ninth annual convention. He declared that Charles Smith, President of the American Association for the Advancement of Atheism and American delegate to the convention, made these boastful predictions to newspaper reporters: "First, within two hundred years there will be no more churches; second, by that time atheism will be universal, worldwide, accepted by practically everyone; third, reason and science will replace religion."

Mr. Smith declared that there are 200,000,000 atheists throughout the world and that 50,000,000 of them are right here in the United States. By way of reply Dr. Maier declared: "All this is a lie! Mr. Smith, here, as often otherwise, it is completely wrong. There are no 50,000,000 people in the United States who even in the utmost prosperity, would dare to deny that God exists, and not 5,000,000 not even 5,000, who, in the face of disaster, death and the demands of divine judgment would dare to say, 'There is no God.' For atheists are the most cringing of all cowards; and, as encountered records show when eternity, hell, damnation loomed before them, the remnant of their conscience makes them scream in uncontrolled terror."

Dr. Maier concluded: "The Church of Jesus Christ will triumph over all His enemies, just as everyone who acclaims Christ as the Son of God and the Savior of the world, has the divine and unbreakable promise of final victory over all the foes of the soul."

Dr. Maier also announced that beginning with this Sunday the Lutheran Hour broadcast will be heard also over the American Broadcasting Company network in the U. S.

BUILDS HOUSE

(Continued from front page)

a table. Bundles of shingles were used for chairs.

Conversation was focused upon the goal of finishing complete assembly of the house by evening.

In the afternoon the womenfolk arrived, skeptical that promises of performance made by the men in the morning had been fulfilled. The men all got great enjoyment out of the amazement of the ladies at the rapidity with which the house had taken form and was being completed while they watched.

The Harnischfeger Corp. is an old established Milwaukee firm engaged in the manufacture of heavy machinery and equipment. Their house division has a new 70,000 square foot plant at Port Washington, Wis. exclusively devoted to the manufacture of substantial factory-built homes. This is the first appearance on the south side of Chicago of the Harnischfeger economical home of quality.

Tests by Government and private engineering laboratories attest, according to Mr. Collins, that "Stressed Skin" method of bonding walls and structure together with waterproof glue and nails makes possible house construction that is 14 times stronger than conventional construction held together with nails only. Roof is supported by trusses and will support five feet of snow load and withstand winds over 110 miles per hour. Floor is supported by 24 foot girders. The house is 83 percent complete when shipped. Insulation reduces transmission of heat by 60 percent. Walls are prefinished without joints or cracks; oak floors; a triple window has a picture window in the center. Exterior finished with conventional double courses of shingles and shakes; oil automatic heating etc., hot water heater; municipal water supply, gas, electric and phone service.

The house is expected to be ready for Mr. and Mrs. Uthe to move into it in three weeks.

Mokena, Illinois
October 10, 1949

All arrangements have been made by the Cook County Council, Department of Illinois, Veterans of Foreign Wars for their second annual banquet in honor of the Commander-In-Chief, Clyde A. Lewis and the Officers of the Department of Illinois. It is hoped that Wm. Martin Post will be represented. The Time: Saturday, November 19, 1949, 6:30 o'clock p. m.

The Place: The Mural Room, Morrison hotel, Madison and Clark Sts., Chicago, Ill.

Post members contact the Post Adjutant for reservations as soon as possible if you wish to attend this gala affair.

During the past week a part of the basement floor was put in and within a day or so the remainder will be poured, in our new building. The heating plant has been ordered and its installation is expected very soon. It is of the forced air type. While much remains to be done it is hoped we will soon be able to occupy the building. We invite the citizens of the community to come down to the new building and take a look—we will be pleased if you do so.

The first regular Post meeting for the month of October will be next Thursday evening, Oct. 13, at Hatch hall. Comrades if you are not present at roll call, no one will yell "present" for you, you must be here yourself and answer HERE.—Glenn C. Peterson, Publicity Officer, Wm. Martin Post 725 VFW, Mokena.
